

# CampDoc.co

Dear Parents,

Beginning this summer, in our continuous efforts to provide the best possible care to our campers and staff, YMCA of the Foothills Summer Camp is partnering with CampDoc.com.

CampDoc.com is an electronic health record system for camps, and will help us consolidate and integrate camper health information into a centralized and secure location. Their system will give our doctors and camp staff instant access to camper health information, a key component in providing quality patient care.

The security, confidentiality and privacy of your camper's personal health information will always be protected. Only YMCA of the Foothill's staff will have access to camper health information, and the CampDoc.com site is secure, encrypted and password protected.

You will receive a "Welcome E-mail" from CampDoc.com with information about how to complete your camper's health information.

- Click the link in this email to set a new password for your CampDoc.com account.
- Follow the instructions, and complete the health history for your camper. Alerts will appear for any missing required information.
- Upload any required documents to your CampDoc.com account.
- Return to CampDoc.com at any time to make changes/updates to your camper's health information before camp begins.

Please set register@campdoc.com as a 'safe sender,' to avoid accidental delivery to junk and spam folders.

We are excited to continually evolve – building safer, more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer,

Natalie Abou-Chakra  
Director, Youth Development
