

Spaghetti Eggs

Leftover cooked pasta

Eggs, whisked in bowl

Grated cheese (parmesan works well)

In bowl, add cooked pasta and whisked eggs. Fold gently to mix. Add grated cheese and gently fold. Preheat a non-stick skillet to medium heat. Add pasta/egg mixture and move mixture around for a bit until there isn't a lot of runny egg. Gently flip into the pan and cook the other side until the center is cooked. Season with salt and pepper.
